National Institute on Aging

NIH—NIA 1 of 3

Conducts, fosters, and supports biomedical and behavioral research and training pertaining to the aging process and related health fields through:

- Research performed in its own laboratories and through contracts;
- A program of research grants and individual and institutional research training awards;
- Cooperation and collaboration with other Departmental agencies, voluntary organizations, and other institutions; and
- Collection and dissemination of the findings of aging research and studies and other information about the process of aging.

Office of the Director
